Experience

Gocoder
Full Stack Developer
January 2026 - Present (3 months)
India

- Developed responsive web interfaces using React.js, HTML, CSS, and Tailwind CSS
- Built reusable UI components and optimized page load performance
- Integrated frontend with backend APIs using REST API & Axios/Fetch
- Implemented form validation and dynamic routing for better user experience
- Worked with Node.js & MongoDB for basic CRUD operations
- Collaborated in remote environment using Git & GitHub version control
- Fixed bugs and improved UI responsiveness across mobile and desktop devices
- Learned real-world software development workflow and agile practices
